EDUCATION

RGPV University

Diploma in Computer Science & Engineering

Bhopal, India

June. 2020 – June 2023

RGPV University

Bachelor of Technology (B.Tech) in Information Technology

Bhopal, India

Nov. 2023 - June 2026

EXPERIENCE

Bizmap Technologies Pvt Ltd

Software Developer

Aug 2025 – Present

Pune, India

- Developed and customized **ERPNext modules** using the **Frappe Framework** to support business workflows.
- Implemented **server-side logic**, **REST APIs**, and role-based access control using **Python** and Frappe.
- Configured **DocTypes**, workflows, and permissions to align ERP systems with business requirements.

X-Innovation Code Stack

React Developer

Sep 2024 – Aug 2025

Indore, India

- Built dynamic and responsive UI with **React** and **scalable component architecture**, improving performance.
- Implemented **efficient state management** and ensured seamless cross-browser compatibility.
- Integrated **secure RESTful APIs** while collaborating with teams to enhance system performance.

The MSD IT Solutions LLP

MERN Developer

Nov 2023 – Sep 2024

Indore, India

- Engineered **scalable web applications** using the MERN stack, ensuring optimal performance & maintainability.
- Integrated **real-time features** using WebSockets, improving user engagement and interactivity.
- Designed and deployed **10+ RESTful APIs**, improving response times and overall system efficiency.
- Enhanced **frontend performance** by optimizing React components, reducing load times and improving UX.

PROJECTS

CodeCrisp | React, Node.js, Express.js, MongoDB, Tailwind CSS

June 2024 – Dec. 2024

- Developed a **real-time** coding platform with optimized **API** performance, reducing response time by **20%**.
- Implemented **OAuth2** authentication with role-based access control (**RBAC**), ensuring secure user management.
- Integrated a **coding editor** with syntax highlighting and auto-completion, enhancing developer experience.

Xerite | React, Node.js, Express.js, MongoDB, Puppeteer

Dec. 2023 – Jan. 2024

- Built a platform for website **replication** and customization, enabling real-time deployment.
- Enhanced **web scraping** using **Puppeteer** and **Cheerio**, ensuring accurate and dynamic content extraction.
- Implemented **automated data processing** to streamline content updates and reduce manual intervention.

Ominiflow | React.js, Node.js, Express.js, MongoDB

Jan. 2025 – Nov. 2025

- Built a **WhatsApp Business API** automation platform for efficient **customer engagement**.
- Implemented **chatbot automation** and **CRM dashboards** for managing leads and conversations.
- Developed **RESTful APIs** enabling **scalable omnichannel messaging**.

ACHIEVEMENTS

Hackathons | Kriyets 2.0, SKITECH

- Secured certificate in Kriyeta 2.0 Hackathon organized by AICTE at Acropolis Institute, showcasing problem-solving skills and collaborative aptitude in competitive programming environments.
- Earned certification in SKITECH INNOTHON at Shivajirao Kadam Institute of Technology and Management, demonstrating exceptional problem-solving expertise and team collaboration in competitive programming challenges.

TECHNICAL SKILLS

Languages: HTML/CSS, JavaScript, Python

Frameworks & Libraries: React.js, Node.js, Express.js, Electron.js, Frappe, Tailwind CSS, Bootstrap

Databases: MongoDB, Redis, SQLite, PostgreSQL

Developer Tools: Git, Github, Supabase, N8N, Docker, Nginx, Postman, VS Code, Figma
